

DR. CHIARA DELL'AGNOLA

Specialist Doctor in Internal Medicine and Medical Oncology.

Her passion for research mainly focused in the fields of immuno-oncology, transplantology and translational, has led her to work at prestigious research institutes in Italy, European Institute of Oncology (IEO) in Milan, and abroad at Imperial College in London, the *Fred Hutchinson Cancer Research Center* in Seattle and the *National Institutes of Health (NIH/NIA)* in Baltimore/Washington, USA.

From 2006 to 2017 she worked for clinical and care activities as a medical Director to the Oncology's *Department for AOUI in Verona*, and was also University Researcher at the *Department of Clinical and Experimental Medicine* of the University of Verona.

From July 2017 to February 2020, she worked for the *Research and Development of the Oncology Unit* at the Bayer pharmaceutical in Milan.

Always motivated to research innovative therapeutic approaches, she specialized in **oxygen ozone therapy** fascinated and convinced by the multiple and potential benefits of this treatment.
